Hi Alex,

No problem at all! I am glad you are back and feeling better. I'm sorry the past few weeks have been so difficult. Keep me updated on how the report comes along. I need to get the draft FYR to the state next week so if I could get the report this week it would be helpful.

Best,

Kelly Poulos

Hi Kelly,

I came back to the office today, after two difficult weeks. I am working on the report now, having completed all figures. I think I need a couple more days to get this done. Sorry about the delay, but it has been challenging the last couple of weeks, with falling behind schedule on things.

Alex

Hi Kelly,

Unfortunately, it turned out that my cold was actually covid, which has really taken a toll on me over the last week or so. I am trying my best to get the report done and I will be in a better position to update you later in the week. I am hopeful that it will be ready for you by the end of the week.

Alex

Hi Alex,

I hope you are feeling better! That is fine – I am out all next week so if I can I have it by the end of next week (4/29) so I can review it first thing when I'm back that would be great. Let me know if that works.

Best,

Kelly Poulos

Hi Kelly,

I have been out of commission for the last couple of days with Covid-like symptoms, but I am trying my best to have the document done by 4/25. I may need a couple more days for our internal review before I can send it to you for your review and comments. I hope this is ok.

Thank you,  
Alex

Hi Alex,

Just checking in. I wanted to see if EPA can still expect to receive the draft tech memo by 4/25?

Thanks,

Hi Kelly,

Per our discussion during our call this week, we have prepared some additional material on plume migration. Do you think it would be possible to jump on a quick call sometime next week, to go over this material and its interpretation? Let us know what dates work for you and Dave and we can organize something.

Thanks – have a good weekend!  
Alex
